MANY WERE KILLED.

TERRIBLY FATAL COLLISION ON THE WABASH.

FORTY LIVES WERE LOST.

An Express Train Dashes Into a Freight on a Siding—The Brakeman's Fault.

DETROIT, Mich., Sept. 22.—One of the most fatal railroad wrecks ever reported in this country, occurred at Kingsbury, Ind., on the Wabash railroad, this morning.

A freight train was standing on a siding waiting for the Chicago Express to pass, when just as the express came thundering along at a high rate of speed a brakeman absent-mindedly threw the switch, sending the express crashing into the freight train instead of along the main track.

The crash when the two engines came together was like an earthquake and heavily loaded passenger coaches were crushed like eggshells, while freight cars and coaches were mingled in one mass of wreckage.

Conductor Coulter, of the passenger train, and Engineers Ashley and Green, were instantly killed.

The passengers and train men who were not too seriously injured at once went to work to relieve the wounded and suffering. Assistance was summoned and physicians called from the surrounding country.

When help arrived the scene was impossible of description, while the shrieks and groans of the wounded were heart rending.

Willing hands took up the work of rescue and soon twelve dead bodies were taken from the wreck. It is believed that fully forty lives were lost and more than that number of persons were injured.

A rumor was received here to the effect that the wreck had taken fire and was burning furiously, but as the wires are down and direct communication cut off it is impossible to get full particulars.

The wreck is said to be the worst ever known in the section where it occurred.

Only Ten Killed.

CHICAGO, Ill., Sept. 22.—Supt. Goodrich, of the Chicago division, says that the wreck at Kingsbury was not as bad as reported, and, that so far as he is informed, only ten people were killed, three trainmen and seven passengers.

MARRIED LAST NIGHT.

The Happy Young Couple Left for Texas This Morning.

At the residence of the bride's parents, No. 521 West Fifth street, last night, Mr. Robert Emmet McFarland and Miss Ida Virginia Keister were united in wedlock.

The marriage was solemnized by the Rev. Alexander Allen, rector of Calvary church, in the presence of intimate friends.

The bride is an accomplished young lady, who has had all the advantages of education in an eastern boarding school, where special attention was bestowed upon the cultivation of her natural taste for music.

The groom is an enterprising young railroad man, who enjoys the respect of his fellow employees. He has been operating in Old Mexico, but is about to make his home at Ennis, Texas.

The happy pair left for their new home this morning.

A Letter From the Secretary.

Receiver Maltby, of the Missouri State fair, is in receipt of an exceedingly complimentary letter from Secretary Steiner, of the National Trotting association, in which the writer expresses best wishes for the success of the Sedalia fair next week.

The letter makes certain that Mr. Steiner had nothing to do with the Chicago Inter-Ocean's attack upon the local management of the fair, referred to in yesterday's DEMOCRAT.

HOME FROM ST. JOE.

Charlie Conrad Talks About the Fair, Horses, Etc.

Charlie Conrad returned last night from St. Joseph, where he was in attendance at the fair. The race booked for today between Directum

and Kentucky Union is off, Mr. Conrad says, because these were the only two starters, and four were required for the \$15,000 purse.

In the pools, Wednesday night, Directum sold for \$25, while Kentucky Union and three other flyers brought only \$5.

Mr. Conrad received a telegram this morning informing him that Salisbury, the Pleasanton, Cal., horseman, will be here with nine animals, all of them way up in G, as Charlie says.

"I never saw a city where they work harder to make a success of a fair than they do in St. Joe," said Mr. Conrad. "Why, the banks closed at noon each day this week, and after that hour the streets were almost entirely deserted. If the fair is not a success it will not be because the people of that city have not worked."

THEFT OF TICKETS.

How the Little Nugget Co. Was Worked Last Night.

Shortly after the Little Nugget company had opened their performance at Wood's opera house last night, and while Treasurer Joe Simpson was absent for a few minutes, a lad about 18 years old broke into the ticket office, by way of a window, and stole ten 75 cent tickets.

He made his way out to the street again without being detected, and gave four of the tickets to as many of his young pals and kept one himself. The rest he destroyed. The boys then presented the tickets at the door, and nothing wrong being suspected, they were admitted.

This morning Mr. Simpson, by a little investigation, learned the names of the ring-leader and his companions, and located them. A warrant for their arrest was sworn out in Justice Levens' court this afternoon.

TRIED TO WRECK IT.

Another Attempted Train Wrecking Near Fayette.

For a second time within a fortnight an attempt was made to wreck M., K. & T. passenger train No. 4, which left here at 6:20 p. m. Wednesday, one and one-half miles from north of Fayette, at a point where a trestle crosses a ravine.

Train No. 4, engine 75, Engineer McComas, was running at the rate of 35 miles an hour when the train struck a rail which had been placed between the cross ties and projected above the track two or three feet. The rail seemed to have been bent over, or the ties forced out of their position.

At any rate, the engine was not thrown from the track. Some damage was done to the locomotive and coaches, and the train reached Moberly 35 minutes late.

A Birthday Party.

Mrs. Martha F. Melton, of Georgetown, was given a birthday party today at the home of her brother, John W. Baldwin, No. 511 West Fourth street. The lady has been visiting here, and had intended returning home this morning, but was induced to remain over, when a number of her friends dropped in upon her to extend congratulations. Mrs. Melton was the recipient of a number of handsome presents, and will ever remember with pleasure the forty-fourth anniversary of her life.

Beginning today, no one can buy goods at Guenther's on time. This means rich or poor.

THE ROANOKE MOB'S MAD VENGEANCE.

NEGRO CAPTIVE LYNCHED.

Hung to a Tree and Then the Body Burned to Ashes—The Mayor Censured.

ROANOKE, Va., Sept. 22.—The negro, Smith, who so brutally assaulted Mrs. Bishop, and to protect whom the militia killed eight members of a mob, was seized by determined men while being taken from the jail by officers for the purpose of being spirited away.

With shouts and yells the determined men rushed the negro to the nearest tree. He was hanged to a hickory limb and his body riddled with bullets. It was all over by 5 o'clock, and the small body of men, who had done their work well, had dispersed. With the break of day crowds of people thronged the streets leading to the scene of the latest tragedy in the double drama. The sight was horrible to behold.

Dangling at the end of a small hempen rope was the body of the negro. His face was bloody, distorted and swollen. A load of shot had been fired into his back, litterally tearing his coat to pieces. The job was well executed. The rope was tied in a regulation hangman's knot and the negro's feet were above the ground.

Coroner Gray and a jury repaired early to the scene of the lynching and, after viewing the body, rendered a verdict that the negro came to his death at the hands of persons unknown to them. After the inquest the officers were ordered to take charge of the body, but the surging mass of men which had assembled would not permit this. A cart passing near by was pressed

into service and the body thrown into it. It was then hauled to Mayor Trout's residence, seemingly it being the intention of the mob to bury it in his front yard. At this time Rev. Campbell appeared upon the scene and told the mob that such a procedure would never do. He spoke kindly to them and at last dissuaded them from carrying out their plan.

The body during this time had not been taken from the cart, so at the suggestion of some one in the crowd, they took it over to the edge of the river to burn it. Fences were torn down, store boxes taken and some one with an ax cut down several cedar trees near by. The dry wood was laid in a large pile, but arranged so it would burn freely, and on this heap the negro's body was laid. On top of all the cedar boughs were thrown, and then, just before touching the match, two gallons of coal oil was poured on the pile. A match was touched to it and the flames from the burning oil shot rapidly up. It was an awful sight, and all present felt as if the fiend had met his just punishment.

It was not long before the crowd dispersed, but all the morning men, and sometimes an occasional woman, were seen going toward the place of burning in squads of threes or fours. Everyone that went seemed to contribute something to the blaze by throwing a twig or chip on it. All that was remaining of Smith at noon was a few ashes and here and there a bone, but the fire was still burning fiercely and those

standing around said it would burn till there was not a vestige left.

After the smoke of battle had cleared away fears for the safety of Mayor Trout and the determined men with him were freely expressed by their friends, as the indignation of the mob seemed especially directed toward him and the soldiers. While the crowd was making preparations for the second assault, the militia were disbanded and went to their homes.

Mayor Trout, who had been wounded in the foot with a pistol ball in the melee, was first carried to the Ponce De Leon hotel, but owing to the threats of the mob, he was removed from there by his friends and taken to the country, where he still is. Shortly after his

They were assured by the clerk that Mr. Trout was not there, but were not satisfied till some of their leaders had made a thorough search of the premises. Not finding him there, the crowd went to Mayor Trout's residence on West Campbell avenue, where a thorough but fruitless search was made for him.

Acting Mayor R. A. Buckner has assumed charge of the city government and has suspended Chief of Police Terry, Sergeant Griffin and Officer M. C. THE DEMOCRAT, SEDALIA, MO.

Office: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

If you put your advertisement in the DEMOCRAT it will be read.

The DEMOCRAT is the cheapest paper in Sedalia, and the public says it is the best.

THE DEMOCRAT—the best, the neatest, the cheapest paper in Sedalia—only forty-five cents per month.

GOVERNOR STONE is making a wise and popular chief magistrate and is standing up for Missouri just as he did in the campaign.

EVERY Sedalian who can possibly do so should attend the fair next week. Go one day any how and every day if possible.

THE business man who hopes to keep up with the procession should at once prepare his advertisement for SUNDAY'S DEMOCRAT.

THE executive committee of the World's fair has decided that the great show shall not be continued beyond the 30th of October.

THE newspapers are still "roasting" the university management for placing its contracts for advertising through an Ohio advertising agency.

THE republicans are about as badly divided as the democrats on the silver question. That fact will become evident next fall even to those who cannot see it now.

A FULL share of fall business will come to the man who advertises enough. In this day and age no man can do business successfully without advertising.

Is there to be a re-alignment of political parties in this country? Possibly. But grand old Missouri will remain true to the principles that have guided her almost continually since she has been a state.

SUNDAY'S DEMOCRAT is always at the head of the newspaper procession, and wise advertisers will be represented in its columns. Sunday is a leisure day and the people have time to read the newspapers thoroughly.

THE DEMOCRAT next week will each day contain a full report of the fair, and will be read by both citizens and visitors. Business men who desire space for the week should make contracts and secure positions at once.

THE Kansas City Times says: "The Sherman law was conceived in blackmailing and forced upon a suffering country." Granted! And now the Times is marching under the banner of the very men who committed the crime!

CHARLES MITCHELL, the English pugilist, is acting wisely in doing his talking in advance of his proposed fight. After a few rounds with Corbett he will not be in condition to use his mouth to advantage for some time.

CHOLERA cases are reported in France, Germany, Russia, Holland, Belgium and nearly every country in Europe, with a few on this side of the Atlantic, but a little extra precaution for a month or two and all danger of an epidemic in the United States will be over.

WITH plenty of raw material for the construction of good, smooth, durable streets, Sedalia should perfect a regular, systematic plan of

campaign for next summer. Good streets can be made so cheaply that the people will not consent to do without them much longer.

If the silver men of this country agree to wait for an international agreement for the coinage of the white metal they had as well abandon the issue. Gold is the money of the monarchies of Europe and any international conference will be dominated by that influence.

KANSAS has again been disgraced and humiliated. Secretary of State Osborn was yesterday convicted of criminal libel in the Shawnee district court. He was tried on the charge of libeling Cyrus Leland, and it took a jury just thirty minutes to agree upon a verdict of guilty.

SENATOR VEST was right when he stated that he would not filibuster to prevent a vote on the repeal bill in the senate. The senator probably understands that the issue must go to the people before a real victory can be won, and, that being the case, that there is no reason why the question should be permitted to block legislation any longer.

IT REACHES THE PEOPLE.

Those Sedalia business men who have made the subject of advertising a study, and who are in a position to know something of the circulation of Sedalia papers, recognize the value of the DEMOCRAT as an advertising medium.

They know that in no other way can so many of the people of Sedalia be reached as through an advertisement in the DEMOCRAT.

While there have been more pretentious journals published in the Queen City, there has never been one that was read daily by so many Sedalia people.

THE DEMOCRAT goes to the homes of the people after the work of the day is ended and when every member of the family has time and opportunity to read its columns. It is not read hastily and then thrown away, but passes from hand to hand, until every member of the family has read the news of the day and noted the business announcements in its columns.

The wife, as well as the husband, has the time and opportunity to read the DEMOCRAT, and when a shopping tour is planned for the next day, the DEMOCRAT is read and the advertisements looked up and discussed by the family circle.

It is during the leisure hours that advertisements are read, and the leisure hours for the great majority of people come after the day's work is done—just when the DEMOCRAT reaches them.

With a circulation greatly exceeding that of any other Sedalia paper, and likewise exceeding that ever attained by a Sedalia paper in the past, the DEMOCRAT today offers the business men of Sedalia the best advertising medium they have ever had.

Recognizing this fact, the business men of the city have increased the advertising patronage of the DEMOCRAT almost one hundred per cent. during the past year, and readily recognize that money paid for space in its columns is money well invested.

It is inconsistent for democrats to abuse John Sherman for demonetizing silver and then applaud Cleveland for doing the same thing. As the DEMOCRAT has remarked heretofore, if we are to get on Senator Sherman's platform we must openly apologize to him for the mean things we have said about him.

THE DEMOCRAT does not believe the business interests of the country are alarmed about tariff revision.

It Sounds, Etc.

The Sedalia DEMOCRAT says that Henry Burckhardt has shipped a car load of watermelons, none of which weighed less than fifty pounds, to the Chicago exposition. He got the melons by offering a year's subscription to the Review for the biggest one sent him. "It may be so, but we don't know; sounds to us like a lie."—Fayette Advertiser.

Their Tenth Anniversary.

Mr. and Mrs. L. E. Goodrich, former Sedalians, and now of Kansas City, will celebrate their tenth wedding anniversary in the latter city Monday evening, October 2d. Mr. Goodrich is a printer and his wife was formerly a Miss Tritt.

SPECIAL PREMIUMS.

THE "DEMOCRAT'S" OFFER FOR A GRAIN EXHIBIT.

It is hoped that Farmers of Pettis County Will Compete and Show What They Have Raised.

THE DEMOCRAT believes in the annual fair, and holds that it should be in fact an exhibit of the products of the farm, the dairy, the herd and the factories.

In order to lend a little more interest to the agricultural exhibit, the DEMOCRAT has concluded to offer special premiums as will be explained in the following correspondence:

SEDALIA, Mo., Sept. 11, 1893.

Mr. W. N. Graham, Business Manager Sedalia Democrat, Sedalia, Mo.:

DEAR SIR—Your liberal offer of seven subscriptions for one year to the WEEKLY DEMOCRAT, to be awarded as special premiums, in addition to premiums offered by the association in the agricultural department, accepted with thanks by the management. Please publish the list in your paper and give it as wide publicity as possible.

Yours respectfully,
W. J. MALBY, Sec'y.

MALBY'S ANNOYERS.

He Has a Summons Issued for Them for Annoying Him.

Mr. Lill G. McNair, the well known St. Louis society man, had a summons issued yesterday against Lillie Scott, the young colored woman who has been annoying him, and also against her mother, Winneford Scott.

Mr. McNair has been subjected to much unpleasant annoyance and notoriety during the past year, says the St. Louis Post-Dispatch, because of the peculiar actions of the colored women, who live at 4100 St. Ferdinand avenue. The young woman writes letters to Mr. McNair and in company with her mother calls at Mr. McNair's office, and asks to see Mr. McNair. When Mr. McNair will present himself the women will say that he is not the man they want to see, but some other person who goes by McNair's name.

Lillie Scott was arrested some time ago on complaint of Mr. McNair and fined \$50 in the First district police court on her plea of guilty in annoying Mr. McNair. Her story at that time was that some man who was stopping at Beers' hotel, at Grand avenue and Olive street, paid attention to the young woman and visited her house. She is about 20 or 21 years old, and is a light shade of color for her race. The case is set for hearing next Tuesday. Mr. McNair lives at 3333 Washington avenue.

Regarding the Roller.
Alderman Honkomp is not the only city official who is pleased because the steam roller has passed into the hands of private parties. Another councilman said last night: "I am glad the matter has been settled by White Bros. purchasing the roller, although I believe if the city had had the money to buy it, the investment would have been a good one. White Bros. are now in a position to have a monopoly in the matter of street paving in Sedalia, but I hope they will not take advantage of the fact by making their bids unreasonably high."

May Save a Damage Suit.
If the street commissioner will inspect the walk in front of No. 312 West Fifth street, and either have it repaired or thrown into the street, the city may be saved an expensive damage suit.

Tomorrow Night.

Mr. Chas. Dickson and company presenting the furiously funny comedy, "Incog" will be a Thespian treat to Sedalia. Their engagement at the Grand opera house, St. Louis, last week was a great success, drawing immense houses nightly, which will be repeated here tomorrow night. The large advance sale coming from Sedalia's discriminating and fashionable amusement patrons attest this. The play is one of intense interest, refined, yet merry and a plot teeming with absurdities and a climax here and there with many surprises.

The Spooners.

For fair week, commencing Monday next. The ever popular Spooner Comedy company, supporting Edna May and Cecil Spooner, will be presented. It will be remembered that this excellent company played here fair week last year and gave entire satisfaction and played to the largest week's business ever experienced here by a repertoire company, the attendance increasing nightly, the standing room card was displayed on four nights of the week. The Misses Spooner comes with a number of new plays, new dances, songs and specialties, and it goes without saying they will be tendered a large reception. Monday night, ladies free as usual.

The attendance at the St. Joseph races yesterday was quite large and the events quite attractive. NEWS OF THE RAIL.

PROBABILITY OF A STRIKE ON THE BIG FOUR.

UNION PACIFIC TROUBLES.

Items of Interest Picked Up for the Benefit of Readers of the "Democrat."

Grand Master Sargent, of the firemen, spoke plainly at Terre Haute, Ind., last night about the threatening situation on the Big Four, and it is evident he expects a wholesale strike of all the employees against President Ingalls' cut in wages. Mr. Sargent said:

"I have just returned from Cincinnati, and I regard the result as serious. A vote is being taken of all the employees. The forty-eight hours are up tonight, but it may be tomorrow night before the general chairman will canvass the vote at Cincinnati.

"Taking the feeling of the delegates as I saw it, I think a strike probable tomorrow, although any one of the six orders could prevent it. On the Big Four all the employees are federated—engineers, firemen, conductors, brakemen, telegraphers and switchmen—and there can be no strike unless each order casts a two-thirds favorable vote. If a strike occurs it will be the first in which all classes of railroad employees had federated and quit work at once and the issue will be squarely between federation and a powerful railroad company.

"The men are thoroughly acquainted with both the advantages and disadvantages of this proposed strike and appear determined to resist."

Voted Against a Cut.

Since August 26 the forces of organized labor on the Union Pacific have been voting on three propositions submitted for their consideration.

First—Shall we accept a 10 per cent cut for an indefinite time?

Second—Shall we accept a 10 per cent cut until January 1, 1894?

Third—Shall we offer the company a loan of 10 per cent of our monthly wages until January 1, 1894.

In addition they have been discussing the question of federation. The votes of nearly 15,000 men have been counted, the Kansas division being the last outside of the Nebraska division, which covers the territory between Omaha and Denver. The votes were practically unanimous against any cut whatever, and overwhelmingly in favor of federation on the Nebraska division.

The men voted to make a loan to the company of 10 per cent of their monthly salaries until January 1, 1894.

The meeting of the protective board of the system, which convenes at Omaha next Monday in consequence of the voting of the men, will have the final arrangements to make for carrying out the expressed wish of the men and at the same time devise rules for the federation agreed upon. The meeting will extend into October.

There are officers to elect, schedules to revise and several minor grievances to take up. Just what action will be taken by the Union Pacific when this federation and result of the vote is made known to the company is impossible to say. The railway company may agree to the loan plan or may compromise by a small reduction of wages. Business is improving all the time on the road and the necessity of the great reduction is not now so apparent.

Regarding the Rail.

J. H. Hill, of Vice President Purdy's office, came in from St. Louis this morning.

The Frisco shops at Springfield have closed temporarily because of the failure of the water supply.

Warren V. Galbreath, superintendent of the M., K. & T. stock yards, was a passenger to Parsons this morning.

Engineer Spurlock, of the "Katy" at Parsons, has been given a leave of absence for thirty days and will visit friends in Iowa.

The M., K. & T. from the north came in this morning 1 hour and 45 minutes late, the delay being caused by waiting at Hannibal for Q. connections.

George Gerwick, an engineer on the M., K. & T. out of Denison, was in town this morning en route to Higginsville with his family,

where the latter will visit sixty days.

Sixty more shopmen were put to work at Topeka today by the Santa Fe. They are car repairers. This makes an increase of 120 men added to the force there this week.

W. H. Jones, the well known fireman on the M. K. & T., who was badly scalded the other day by the blowing out of a mud valve on his engine near Baird, is still confined to his home.—Parsons Sun.

The Denver and Rio Grande telegraph operators have decided to send for Chief Ramsey to settle the differences between the operators and the Rio Grande officials. The salary schedule is the bone of contention.

Conductor G. B. Sage, of the M., K. & T. who has been sojourning at McClelland Springs, Mo., for the benefit of his health, has returned to his home at Parsons. The Springs seem to be bringing him right out.

Trainmen on the M., K. & T. running into Texas report the drought in that state is doing great damage. In some sections of the state rain has not fallen since the first of June, and the ground is so parched that it is cracking open.

James Ferguson, colored, an M., K. & T. porter, reported to the police, this morning, that an unknown white man attempted to hold him up near Hinsdale & Menefee's barn, about midnight last night, while en route home, but he escaped by running.

The Order of Railway Train Dispatchers is holding its first annual convention in Chicago. The dispatchers will recommend that all railways provide for the examination of all dispatchers to determine if they are capable of holding the position.

T. H. King, who has been braking on the M., K. & T. for the past two years and living at No. 606 Lamine street, left last night, accompanied by his wife, for Champaign, Ill., where they will reside in the future, Mr. King going into business there.

The alliance between the Burlington and the Missouri, Kansas & Texas railways forms a link from Galveston to Chicago that has become very popular in Texas, and is used by a great many people who would otherwise go east by way of St. Louis.

By the new time card that goes into effect on the M. K. & T. Sunday, passenger trains will arrive and depart as follows: No. 3, arrive 8:50 a. m. and leave 9:10; No. 1, arrive 7:50 a. m. and leave 7:20; No. 2, arrive 7:50 a. m. and leave 8:10; No. 4, arrive 6:40 p. m. and leave 7:00. There is no change in the flyer.

C. H. Bosworth, of Springfield, Ill., and E. Elleny Anderson, of New York, were yesterday appointed by Judge Allen, of the United States circuit court, joint receivers for the Chicago, Peoria and St. Louis Railway company (the Jacksonville Southeastern line). The bond of each was fixed at \$50,000.

The striking Louisvillians and Nashville have given the shopmen at Louisville their last chance to go back to work, and has begun active arrangements to secure other men. The old men will not now be taken back. This refers to every shop on the system save at Howell, where the men had already gone back.

Gov. Lewelling, of Kansas, has issued a proclamation offering a reward of \$300 each for the capture and conviction of the persons who robbed the train and killed C. H. Chapman, an express messenger, at Mound City, September 3, and also the person or persons who shot Express Messenger E. C. Whittelsey at Cimarron on the 1st of June. The proclamation was issued at the request of the officials of the Wells-Fargo Express company.

The Missouri, Kansas and Texas on Sunday next will commence to run an express passenger train daily both ways between St. Charles and New Franklin in addition to the mixed train service between Texas Junction and New Franklin on the Missouri, Kansas and Eastern line. When the Burlington bridge across the Missouri river at Bellefontaine Bluffs is ready for traffic the through and local trains of the Missouri, Kansas and Texas system will run into St. Louis.

SUNDAY'S BAPTISMS!

ADVENTISTS WILL HAVE THEM AT FLAT CREEK.

SIXTY-NINE LAST YEAR.

But Elder Hyatt Does Not Know How Many There Will Be Sunday Afternoon.

The Seventh Day Adventists now holding their encampment at Forest park will have their annual baptism at Flat creek Sunday afternoon, as the DEMOCRAT learned from Elder Hyatt, president of the conference, this morning.

The Adventists believe in immersion, and on the occasion of their meeting here last year no less than sixty-nine persons were baptized in the waters of Flat creek. As to the number that will be immersed next Sunday, which is Monday with the Adventists, Elder Hyatt is not able to state at present.

At a meeting of the state conference, yesterday, the finance committee made an important recommendation and it was promptly adopted by the conference.

It was to the effect that the sum of \$6,000 be raised for the purpose of extending their evangelical work, and the task of soliciting the funds has already commenced.

Elder Hyatt stated to a DEMOCRAT reporter that it was the intention to use a good portion of this particular money in erecting churches in St. Louis and Kansas City. There are a goodly number of the sect in both cities, but they have no houses of their own in which to worship, and are not able to build them without outside assistance.

Yesterday afternoon Elder A. J. Breed, of Minneapolis, talked most eloquently in behalf of the undertaking, and there is no question but that the money will be raised, for the Adventists know not the meaning of the word failure, in the matter of raising funds for prosecuting church work.

The meetings up to date have been remarkably successful, and the elders who have conducted them feel highly elated at the result of their labors. The church in Missouri is in much better condition than ever before, and much permanent good is expected to follow the two weeks' meetings at Forest park.

Among the visitors in attendance at the encampment is Elder S. S. Shrock, of College View, a suburb of Lincoln, Neb., where the Adventist educational institute, Union college, is located. Mr. Shrock is a member of the Kansas state conference, and his work is almost wholly among his people—the Germans.

"I came here from the Kansas encampment," said Elder Shrock to a DEMOCRAT reporter, "and it was a splendid meeting in every respect. We held forth near the town of Herrington, and had nearly one thousand campers on the ground. There were about 140 family tents, and I never saw a meeting where there was more earnestness manifested."

Yesterday's services were as follows: A sermon on "Practical Christian Duties," by Elder A. T. Jones, at 5:30 o'clock a. m.

From 8:15 to 9:30, district meetings in something like twenty-five of the family tents, and at the same time a meeting of ministers in the large pavilion.

From 9:30 until 10:30, state conference, Elder W. S. Hyatt, of Kansas City, presiding.

At 11 a. m., preaching by Elder Jones on "Preparation for the Second Coming of Christ."

From 2 to 3 p. m., a lecture by Mrs. Olson, of California, to the Sabbath school workers, and at 5 p. m. a children's meeting conducted by the same lady.

At 3 p. m. Elder Breed preached in behalf of the \$6,000 fund that it is proposed to raise, and the day's devotions concluded with a sermon by Elder Jones at 7:30 p. m.

Second Addition.

One hundred tons of Anthracite just shipped in of late. Two hundred tons of Cannel coal, just the boss for your grate. One hundred cords of cord wood will be hauled to your gate. If you'll hurry in your orders before it is too late.

Did you ever see the like in this great time, You have to advertise your goods And send them out in rhyme. So don't forget R. H. Harris, When you start out to engage Your coal, wood and feed, At 218 Oage.

Not a Race Course.

West Seventh street appears to be as well patronized as the kite-shaped

track at present for racing purposes, contrary to the ordinance of the city. It is getting so that ladies cannot drive along the thoroughfare, so numerous are the horsemen who are out exercising their steeds every pleasant evening, and unless the practice is stopped it will be only a question of time until the city prints have a serious accident to chronicle.

PUGILISTIC GOSSIP.

Corbett and Mitchell Most Likely to Meet at New Orleans.

With the noose being drawn tighter and tighter about the neck of the Roby club, New Orleans again looms up as the prospective battle ground for the pugilists.

There are signs of uneasiness in the Coney Island club circles, too, and it is more than probable that the club will make no attempt to get the Mitchell-Corbett fight.

Its members feel, and justly so, too, that a fight of such importance would draw so much attention to the club that Governor Flower might go down there with the militia and break up what has been a prosperous investment.

Mitchell, too, has known a aversion to New York, and will probably never consent to meet Corbett there. He knows that he has few friends in the metropolis, and while not any too popular in New Orleans, it has been shown by experience that anybody can get fair play there. Whatever Mitchell's faults may be he is no fool and he knows better than anybody that absolute impartiality will be shown him in the Crescent City.

He is not so certain in regard to New York. He and many others are under the impression that New Orleans was the only place in the country where John L. Sullivan could have been whipped, and it might be the only place where Mitchell would be allowed to whip Corbett, should the fight turn that way.

A carnival in November at the Crescent City with Mitchell and Corbett, Fitzsimmons and Creedon, McAuliffe and Carroll, Dempsey and Burge, and the winner of the Dixon-Smith fight and either Plummer or Griffith would attract attention and patronage from the entire sporting world.

At The Play.

Herbert Cawthorne and his company of comedians presented "Little Nugget" at Wood's opera house last night, before an audience which laughed from the first to the last of the three acts. Cawthorne is a most clever Irish comedian; in fact, every member of the troupe is clever. The songs, dances and other specialties, which pad out the play, were all neatly done.

Talking Temperance.

Hon. L. J. Beauchamp spoke again at the court house last night on the subject of temperance.

The people of Sedalia are beginning to understand that these meetings are of more than passing merit and interest, as was indicated by the increased attendance last evening.

Mr. Beauchamp will speak at the same place this evening.

Attention, You That Suffer

For particulars see or address Prof. A. J. Maury. Office, 602 South Ohio street, Sedalia. Lady in attendance at all hours.

The Drill Was Worthless.

Judge Metsker has completed his blasting at Forest park and has made the discovery that his diamond drill did not come in contact with any unusual hard substance, as was supposed when the drill was broken. The Judge has now reached the conclusion that the drill was worthless when it was sold to him.

Smoke "Americanite" cigars.

A Shrewd Joplin Girl.

A Joplin girl who answered an advertisement for a wife may be giddy but she had the good horse sense to hold back her consent till the young man had secured a certificate of health from his doctor, a statement of character from his parson and a certified copy of his bank book from his banker.

Rain Up the Road.

An exceedingly heavy raid fell last night all the way from Kansas City to Sedalia. The western part of the state is faring finely at the hands of that most ancient and boss of all rain-makers, Jupiter Pluvius.

A New Sidewalk.

A fine brick sidewalk is being laid along the west side of D. H. Smith's hardware store on North Ohio street.

HIS LAST DAYS.

The Boonville "Republican's" Tribute to the Late Frank Brent.

The DEMOCRAT has already referred to the death and burial of Frank Brent, a former Sedalian, but his friends will read with interest the following from the Boonville Republican of yesterday:

Francis E. Brent died in this city last Friday afternoon, September 15, 1893, in the 65th year of his age. His funeral took place last Sunday afternoon at 2:30 o'clock from the residence of Mrs. John Porter to Walnut Grove cemetery.

Deceased was a resident of Boonville in years gone by and was well known to many of our citizens, but had not lived here for a long time. He was a native of Virginia and was born January 1, 1829. When he was a child his parents moved to this city. After he was grown he engaged in business here and for a number of years was a member of the dry goods firm of Orrick, Brent & Co.

He was married here April 8, 1856, to Miss Sarah A. Porter, daughter of the late Captain John Porter, who died July 22, 1872. He left Boonville quite a number of years ago, and for the past ten years has lived at Pawhuska, Indian territory, where he was engaged in business as a United States licensed Indian trader.

His health was good until about six weeks ago, and then he took a trip to the mountains, hoping a change of climate would benefit him, but he received no relief. From there he went to Hot Springs, but growing worse, was advised by his physicians to return home.

He arrived in Boonville on Thursday last and died on Friday. His death was caused by dropsy. He was a member of the Masonic order and was buried with the honors of that order.

The religious services at the funeral were conducted by Rev. G. L. Lyburn, of the Presbyterian church, and Rev. J. M. Boon, of the Methodist church. He leaves one daughter, Miss Mary E. Brent, and a large number of friends to mourn his death.

The Welcome Rain.

After a two months' drouth, Sedalia was visited by a rain last night. There was no cloud-burst or any reminder of Noah's flood, but quite enough rain fell to refresh the earth, cool the atmosphere and lay the dust.

The paved streets were muddier than those unpaved, because the latter were so dry that the hot, parched ground absorbed the water as fast as it fell.

Fine Foods Coming.

E. R. Ballard, superintendent of the poultry department at the Missouri State fair, has assurance from a great many poultry people in the various sections of the state that they will make displays at the fair next week. The exhibitions in this important department promise to excel all previous efforts.

Painfully Injured.

R. R. Cunningham, who keeps a meat market at 703 Ohio street, met with a painful injury last evening by stumbling and falling to the floor, while carrying a bucket of water from one room to another. He struck on the back of his head and the blow was so violent that Dr. S. G. Crawford was called in. Mr. Cunningham is reported better this afternoon.

A Little More, Please.

The chief of police of Sedalia gets only \$50 a month and scarcely any "rake off."—Kansas City Star. The chief's salary is \$75 a month, but he claims that he loses \$10 a month feeding the city prisoners, so his compensation is only \$65 a month.

Do As You Please.

Scalded In Boiling Water.

A telegram was received here yesterday from John Ludemann, a former Sedalian, who is now living in Kansas City, saying that his little four-year-old daughter, Ruby, had been quite seriously burned by falling into a tub of boiling water.

THE GAME TOMORROW.

Arrangements for the Contest Between City Officials and Shopmen.

The weather promises to be favorable for the match game of base ball, which is to take place at 2:30 o'clock tomorrow afternoon, between city officials and Missouri Pacific shopmen.

Preparations have been made for one of the most interesting games ever played in Sedalia. The shopmen, who are agile, brawny and brave, have signified their intention to mop up the diamond with their antagonists, for whose prowess and staying qualities they have very little respect.

The game will be played to a finish and will be exciting throughout.

There also promises to be a very large attendance to hear the band music and witness the sport. Moreover, the proceeds are to be devoted to the charity fund, and this, of itself, is sufficient to attract many persons to the park.

The names and positions of the city officials have been furnished the DEMOCRAT, as follows:

Conkwright, pitcher; Roe, catcher; Anderson, first base; Hough, second base; Gorrell, third base; Yeater, short stop; Schneider, center field; Looney, right field; Adams, left field.

WILL NOT LEAVE SEDALIA.

THE M., K. & T. HOSPITAL IS HERE TO REMAIN.

Chief Surgeon Yancey Denies the Accuracy of a Publication at Parsons.

Yesterday's Parsons Eclipse published a statement, based on an alleged interview with Chief Surgeon Yancey, to the effect that the M., K. & T. hospital will probably be removed from Sedalia to that city.

A DEMOCRAT reporter called upon Dr. Yancey this morning and showed him the article referred to. Glancing over it hastily, he seemed to be considerably amused at the inventive genius of the Kansas scribe.

"I was in Parsons a few days ago," said he, "but went down of my own accord and on private business. If I was interviewed, while there, by any newspaper man or anybody else, I don't know it."

The doctor laughed at the idea of the hospital being moved to Parsons or elsewhere, and in confirmation of his assertion he showed the reporter through a part of the building which is being thoroughly overhauled and refitted.

For instance, the south side of the south wing of the building is being handsomely arranged for the removal of his private office from his present quarters on the north side of the main hallway. He will occupy a suite of three elegant rooms adjoining offices to be occupied by his type-writer and Drs. Shadburne and McNeil.

The building is also being repainted, and a fine fence is being built around the premises.

"These are some of the indications that the hospital is here to stay," said the doctor, "and besides all this, the Sedalia hospital is the best equipped and most admirably located of any similar railroad institution west of the Mississippi river."

A SINGULAR SUIT.

It Has Been Brought Against the

Woodmen of America.

A suit for \$5000 was begun in the circuit court at Rockford Ill., yesterday, by the heirs of the estate of Daniel Bull, the outcome of which will be of great importance to the Order of Modern Woodmen of America.

Bull, who was the organizer of Camp Pecatonica, died, leaving a policy of \$5000. The date of his birth was sent to the head officers in the death claim, and they rejected it, figuring that, contrary to the laws of the order, he was admitted when past 50 years of age.

Shortly before his death he made a change in the beneficiaries, and the Woodmen officers claim the change was practically the same as joining anew. The case is one which will attract the attention of Woodmen throughout the country.
